THE
DELINEATOR

JUST ONE DAY MORE.

One busy, hustling days, full of excitement, hurry and no, not trouble, for even the eleventh hour purchaser won't have any difficulty in finding something suitable for gift-giving. Of course, each day now there's less and less to pick from—that's to be expected, but this would be a poor sort of a store, indeed, if its Christmas stock gave out four days or even one day before The Day of all the days of the year. But don't put off making your selections one minute longer than you have to.

All the popular shapes and leathers in Men's Shippers, \$1.25 to \$3.50 a pair. Women's Slippers, from the plain, serviceable sort at \$1.00 a pair to the dainty, fancy kind at \$4.00 a pair.

Fancy Vests

Washable Vests, single or double breasted, \$1.00 to \$4.50. Vests of fancy woolen materials from \$3.50 to \$6.50 each. There's no difficulty in getting the single size

Razors, Etc.

If superstitious, exact one cent from the recipient and ward off the supposed ill effects of a keen edge gift. Razors from the best makers 75c to \$3.00 each. Strops 50c to \$2.00. Shaving brushes, all prices.

Fountain Pens

Waterman's Ideal Pens

Mufflers

Silk Mufflers 50c to 2.00. Full Dress Protectors 1.25 to 1.50 each.

Carving Sets

Three piece sets, horn handles, from 4.50 to 16.00 a set; pearl handles 21.00 a set.

Everything Ready in Groceries

If you are busy, use the phone. Call up 63 and give your order. It will receive immediate attention. The stock of Christmas fruits is now at its best.

Our store closed all day Christmas.

An Absolute Necessity—CANDY

Wouldn't a Christmas Day without candy be a farce? Get your supply just as early as you can. Every year, Christmas Eve finds our Candy Case and reserve stock as bare as old Mother Hubbard's cupboard. Huyler's Candy in packages. Guenther's in bulk—to be put up in any way you wish. Again, be prompt or you will be disappointed.

Women's Handkerchiefs

The handkerchief stock is melting away like snow under Arizona sunshine. We've never had prettier handkerchiefs at 25c than we have now; nor prettier ones for 35c, 50c, 75c and up to several dollars each. Probably that's the very reason we are selling so many more than usual.

No Danger of Collision.

The article in yesterday's International-American headed, "Collision Averted," did an unintentional injustice to the management of the road, and this paper takes pleasure in publishing the facts in the case as a correction for its error.

rection for its error.

The east bound passenger train coming out of Benson yesterday, of course, had the right of way over freight trains. Tom Purcell with his freight crew pulled out of Naco in time to easily make Stark Station before the arrival there of the east bound passenger train. The engine pulling the freight train became disabled. Conductor Purcell and the crew finding that on account of the failure of the engine it would be impossible to make Stark Station for the meeting time, took the necessary precaution to pre-
